GLOBALMARK² MULTI-COLOR INDUSTRIAL LABEL MAKER

Creating on-demand multicolour signs and labels in-house has never been easier. Touch screen technology and the intuitive Windows CE* operating system have been combined to achieve unequalled ease of use. Design your output on the colour monitor, make changes on the go and press print – it's as easy as that!

Designed with flexibility in mind, the GlobalMark offers immediate sign and label solutions for all the needs of today's safety conscious industries. No matter what the demands are in your work environment, whether its in process, manufacturing, construction, transport, storage or public buildings, the GlobalMark will meet your needs.

*Windows® CE is a trademark of Microsoft Inc. -USA

GLOBALMARK² COLOR&CUT INDUSTRIAL LABEL MAKER

GlobalMark goes even further!
With its own integrated **print and cut feature**, you can even "die-cut" your chosen sign or label for greater impact and easier positioning.

Give your signs more impact, print in multicolour

Print single or multiple up pipe markers in colour, thanks to the supply saver function

Make your team members feel safer thanks to full colour printed tags and labels

Cut-Out letters: ideal for directional and informative signs

Print and cut out your signs

Identify your hazardous substances

GlobalMark® FlashSign: a sign and symbol tool to enhance your GlobalMark

This small tool contains 100s of the most requested Safety Signs and Symbols available through sign suppliers. Simply select the sign you want on the touch screen and it prints directly from your GlobalMark without the need to use a computer. **It's as simple as that!**

Reference	Cards available in Europe

MARKWARE™ FACILITY IDENTIFICATION SOFTWARE

MarkWare, the companion software for use with BRADY marking systems, is a powerful and effective tool for industrial signage. It includes over 1,000 symbols, pictograms and templates, thereby lending you support through all the stages of your sign creation. From your PC you can create messages, symbols, pictograms, informational and instructive signage effectively. Make your workplace safe!

MarkWare handles:

- Monochrome printing up to 5 m in length on adhesive banner rolls
- Multicolour printing up to 1 m length on adhesive banner rolls
- Letter and symbol cut-outs (GlobalMark® Color & Cut)
- Printing + cutting on the same label (GlobalMark® Color & Cut)
- Printing on die-cut labels (MiniMark™ Industrial Label Printer, BBP™31 Sign and Label Printer BBP™85 Sign and Label Printer)
- Printing on a variety of media ranging in width from 13 mm to 250 mm, depending on the BRADY system used

Choosing MarkWare means choosing simplicity and effectiveness

Main MarkWare characteristics	MarkWare Features	Customer Advantages
<ul style="list-style-type: none"> • Negative printing / Puzzle printing / Object rotation / Data import (Excel®, Access®, dBase®, Text®, FoxPro®, Lotus®, Paradox®) / Import of drawings, pictograms and diagrams in BMP, DIB, TIF, JPG, WMF, PNG, PCX, PCT, RAS and EPS formats. 	Windows-compatible printer driver included (Markware is compatible up to Windows 7).	→ No downloads necessary.
<ul style="list-style-type: none"> • MarkWare also employs all the basic functions of windows applications for more intuitive use (copy/paste, print preview, justify, superscript, bold, italics, underline, borders, etc.) 	Windows printer driver adds the Brady printer to your printer list.	→ Authorises printing directly from other software such as drawing software and others used by customers (the margins must be adjusted considering that MarkWare is designed to work with BRADY printers using banner rolls).
<ul style="list-style-type: none"> • Fonts: All True Type fonts installed on a PC. 	No dongle needed	→ More ease of use.
<ul style="list-style-type: none"> • 15 Barcodes: Codabar, code 128 Auto, code 128 A, code 128 B, code 128 C, code 39, EAN/JAN-13, EAN/JAN-8, Extended Code 39, HIBC, Interleaved 2/5, UPCA, UPCE 11 Digit, UPCD-0 6 digit and UPCE-1 6 digit. 	Re-installation possible	→ In case of problems, multiple installations on one PC are possible at no extra cost. There is no loss of license in cases of disk failure, OS modification, updating computer equipment, etc.
<ul style="list-style-type: none"> • 19 Languages: English, French, German, Dutch, Spanish, Italian, Danish, Swedish, Norwegian, Finnish, Portuguese, Russian, Hungarian, Bulgarian, Romanian, Slovenian, Polish, Slovak and Czech 	MarkWare™ employs all the basic functions of Windows applications (copy/paste, print preview, etc.)	→ Facilitates quick initiation and mastery of the software.
	Complies with safety standards.	→ Complies to current standards in safety signage.
	MarkWare works in network environments through local installation (MarkWare is not an application for installation on a network server).	→ Local application does not create interference in the proper function of your network. <i>Please note: where a network is in place, the installation of MarkWare should be done using the local administrator profile of the PC where the software is to be installed (please consult your IT support service).</i>
	Very user-friendly application	→ Advanced functions allow quick label creation ("align objects", "group objects", foreground/background, zoom, rotation...)
	Template designer	→ Quick and easy creation of personalised label templates.

WE IDENTIFY AND PROTECT PEOPLE, PRODUCTS AND PLACES

Company Overview

BRADY was founded in 1914 in Eau Claire, Wisconsin, as W.H. BRADY Co., and renamed BRADY Corporation in 1998. The company began selling products internationally in 1947. In 1984, BRADY went public, with stock trading on the Nasdaq Stock Market, and in 1999, moved trading of its stock to the New York Stock Exchange, where it trades under the symbol BRC. The company's global headquarters is in Milwaukee, Wisconsin.

Brady manufactures and markets:

- products for identification and safety applications such as signs and markers, and printing systems and software to produce identification products on site and on demand.
- products for wire identification, including labelling materials and tools for wire and cable marking in the electrical and telecommunication markets
- high-performance identification products, including labels and signs that remain legible and highly adhesive even in harsh environments
- precision die-cut parts, including custom die-cut and slit materials for use in mobile handset, consumer electronics, medical, hard disk drive and automotive markets
- identify people and enhance security by ensuring the right persons are in the right places at the right time

Operations – Some facts:

- Over 6000 employees around the world
- Operations in 31 countries
- Distribution in more than 100 countries through more than 4,400 distributor partners
